

Having a celebration at Kiddie Crusoe®?

Your party guests will enjoy the convenience of our one-stop party experience with included gift-wrapping and party cart delivery services.

In addition, the child of honor will receive a special, surprise gift from their pal, K.C., the day of their celebration! Enjoy a 10% discount on any items (excluding Calico Critters) remaining on your registered wishlist for up to 14 days after your event. Gift items purchased must equal a combined \$50 or more to be eligible for free gift and discount. Registry services are most successful when added two weeks or more prior to the event.

How to get started:

- Visit a Kiddie Crusoe location and take all desired items from our onsite Kiddie Boutique to the front desk to create or update your gift registry list.
- Bring a print-out of your party confirmation email, which includes your party details and confirmation number to provide with your selected items.
- Depending upon the vendor and your event date, special order items may be available to add to your wishlist. Special order items are excluded from any discount offers.
- Gift certificates are available to add to any registry, but are also excluded from any discounts.
- Food items are not available for gift registry services at this time.
- You will receive an email with a custom registry list of your personally selected items within 48 hours to print and include in your invitations or to email to your party guests. Your registry will include instructions and details prompting your guests how to purchase items for your wishlist.

What your party guests can expect:

- ◆ Your guests can call in their gift order or visit us onsite. We accept cash or any credit card. *Debit cards and personal checks are not accepted at this time.*
- ◆ We provide complimentary gift bags upon request and will hand deliver all presents the day of the event.
- ◆ Gift certificates are available for purchase. We will mail gift certificates to any recipient with a US address for a \$1.00 service charge.
